Number of business insolvencies by country 2021

Published by [M. Szmigiera](#), Sep 3, 2021

In 2021, France is expected to record the highest number of business insolvencies of any country, with over 50 thousand businesses becoming insolvent during that year. This compares to 32 thousand businesses in the United States, 23,180 in Germany, and 20,250 in the United Kingdom.

Forecasted number of business insolvencies worldwide in 2021, by country
